About WHA

What is WHA?

WHA is a not-for-profit company which operates a range of low cost schemes to help its members with the everyday costs of staying healthy.

What can WHA do for me?

When you join WHA, you can claim cash benefits for the wide range of health treatments and services shown in the Table of Benefits. These cash benefits will help you with the costs of your treatment and can even help with the unexpected costs which can occur when you have to go to hospital.

What are the benefits?

There are up to 12 different cash benefits. These are shown in the Table of Benefits and include cover towards the cost of optical care, dental treatment, physiotherapy, osteopathy and chiropody, for example. In addition, there are cash benefits for each day spent in hospital as an inpatient and for attendances as a hospital outpatient. We also have personal accident cover for members which pays a lump sum in the event of death or injury as a result of an accident.

What will it cost?

There are four personal scheme subscription rates starting from as little as £7.00 a month for cover for yourself only. We also have four partners' scheme rates starting at £14.00 per month which would cover you and your spouse/partner.

What about claims?

WHA has an excellent reputation for settling claims speedily. Normally claims are processed within 48 hours! There's no limit to the number of claims you can make. Claims are only limited by the maximum amount applicable to each individual benefit type and your chosen subscription rate.

Frequently asked questions

Will you provide advice or a recommendation?

You will not receive advice or a recommendation from us for health cash plans. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

What do I have to do to join?

Joining is easy. All you have to do is read the Insurance Product Information Document and the Benefit & General Conditions to ensure the product is right for you. Then complete the Membership Enrolment Form and return it to WHA, together with a completed direct debit instruction and we will do the rest. What could be simpler?

When can I start claiming?

There is a three-month qualifying period for benefit which means that you can claim for treatment and services you receive three months after your date of enrolment.

Benefit is not payable for treatment or services you receive before you enrol or during your first three months of membership.

The qualifying period for claims relating to pregnancy or childbirth is twelve months.

Do I have to go to a practitioner approved by WHA?

No, you are free to choose any practitioner who meets the requirements stated in the Benefit & General Conditions.

Am I covered for treatment for an illness I already have?

Unfortunately, we are unable to pay benefit for any medical condition which exists before the date on which you enrol as a member of WHA. This exclusion does not apply to optical or dental benefits.

Will I have to pay more if I make a lot of claims?

No, you can make as many claims as you like, up to the maximum amount applicable for each individual benefit type and your chosen subscription rate and your payments will remain the same.

Will my payments increase as I get older?

No, your payments are not linked to your age and once you are a member you can continue membership to any age, without restriction.

How long can I continue with my policy?

Once you have enrolled, you can continue being covered for benefits to any age, without limit.

How are staff remunerated?

All employees are paid a salary and do not receive any remuneration in relation to the sale of the insurance contract.

What are the catches?

There are no hidden conditions designed to catch you out. The full Benefit & General Conditions are written in plain language for you to read. Provided that claims meet the relevant conditions, we will be able to pay you the benefit which is due.

Are WHA's schemes too good to be true?

No. WHA doesn't have any shareholders and all profits are retained within the company to ensure subscriptions are kept low and benefits high. WHA was founded in 1948 and currently provides cover for approximately 30,000 people.

Benefits explained

WHA believes in providing cover for a wide range of the most popular everyday health treatments and services. These are the benefits which will help you with the costs of staying in good health. Please refer to the Benefit & General Conditions for full details of each benefit.

Optical

If you wear glasses or contact lenses, you will know how expensive it can be to look after your eyesight. Optical benefit is payable for new spectacles, lenses or contact lenses prescribed by a practitioner registered with the General Optical Council.

Dental

Dental care is important because if it is ignored, painful problems can arise at the most inconvenient times. Dental benefit is payable for dental treatment provided by a practitioner registered with the General Dental Council.

Physiotherapy, Osteopathy, Chiropractic and Chiropody

There are four separate benefits which can help with the aches, pains and discomfort we can suffer from time to time. Practitioners must be registered with the Health and Care Professions Council, the General Osteopathic Council or the General Chiropractic Council, depending on the treatment provided.

Alternative Therapies

This is a single benefit which covers four treatments which many people find helpful. The treatments are Acupuncture, Alexander Technique, Bowen Therapy and Sports Therapy/Massage. Benefit is payable for treatment provided by a qualified and registered practitioner.

Specialist Consultation

Sometimes seeing a consultant privately can give reassurance about a medical problem. Benefit is payable for a private consultation with a doctor who is included in the Specialist Register of the General Medical Council.

Counselling

It's not always physical health which can be a problem. Sometimes it's difficult to say what's on your mind and talking to a therapist can help you with your difficulties and make positive change. Benefit is payable for appointments with a qualified and registered counsellor, psychotherapist or psychologist.

Inpatient

Spending time in hospital can result in unexpected expense and inconvenience. The daily rate of hospital inpatient benefit can help with unplanned expenditure as a result of an admission to hospital.

Outpatient

As with being admitted to hospital as an inpatient, attending hospital as an outpatient can also result in unexpected expenditure. This benefit helps with the costs of making regular visits to the outpatient department.

Personal accident

Accidents do happen and the outcomes can range from major bone fractures to disability and even to death. Personal accident benefit has a range of compensatory payments which can help to alleviate the unfortunate results of an accident.
